#### Schedule: G

#### Notes to Accounts:

#### 1. Significant Accounting Policies:

#### a) Convention:

The financial statements are prepared under the historical cost convention in accordance with applicable Accounting Standards and the provisions of the Companies Act, 1956

#### b) Use of Estimates

The preparation of financial statement requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and the reported amount of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provision for income taxes, useful life of depreciable fixed assets and provision for impairment.

#### c) Fixed Assets:

- Fixed assets are stated at cost less depreciation. Cost includes expenses incurred incidental to the installation of assets and attributable borrowing costs.
- d) Depreciation: Depreciation on fixed assets are provided under written down value method as per the rates prescribed under schedule XIV of The Companies Act, 1956.
- e) During the year under review the carrying amount of assets are reviewed and entries are passed for impairment of the same.
- f) The Company is accounting for the liabilities for income Tax in accordance with the Accounting Standard on Accounting for taxes on Income (AS-22). In the opinion of the management, the available evidences do not provide virtual certainty regarding absorption/set-off on unabsorbed losses against the Company's future taxable income. Hence the deferred tax assets relatable to the unabsorbed losses have not been recognized in the accounts, as measure of prudence, as per the requirement of the said Standard.
